

## **ACTIVE ROLE IN SHOWCASING PITTSBURGH TALENT FOR FUTURE GENERATIONS**

With a focus on our current players being exposed to new opportunities and getting to compete in the game they love, we also look towards the future and the role the squad will play.

Qualified players in our current Hotspurs youth program will have the opportunity to train with the team. Our squad will serve as a focus for our younger players to strive for -- providing them greater incentive to train harder, run faster, and dig deeper; recognizing the opportunity and platform to showcase their talent by seeing and training with the team.
