

HOTSPURS VISION...

... is to have long term player development at the forefront of everything we do. To this end our goal is to have 75% of our College Prep Phase players (U16-U19), to have been with the club at some point in the Foundation Phase U9-U12. Furthermore we want 50% of Hotspurs-grown players to make up our adult team programs by 2023.
